

GLP-1 ELIGIBILITY CHECKLIST • 2026-2027

Do You Qualify for Medicare's New \$50 Weight-Loss Program?

For the first time ever, Medicare is covering GLP-1 weight-loss medications — **Wegovy, Zepbound, and Foundayo** — for a **\$50 monthly copay** instead of the \$500–\$1,000 seniors were paying in cash. The program is **live now** and runs through December 2027. But not everyone qualifies. Use this checklist to see exactly where you stand before you apply.

YOUR COPAY

3
WAYS TO QUALIFY

18
MONTH WINDOW

Live
AS OF JULY 1

1 START HERE — THE ONE REQUIREMENT MOST PEOPLE MISS The Coverage Gate

You must have Medicare drug coverage to apply. That means a standalone Part D plan (PDP) or a Medicare Advantage plan that includes drug coverage (MAPD). No drug coverage means you cannot enter the program — no matter your BMI. **If you skipped drug coverage, this is fixable, and we'll show you when.**

☐ I have a **standalone Part D drug plan** — *or* — a **Medicare Advantage plan with drug coverage (MAPD)**

2 CHECK YOUR TIER — YOU ONLY NEED TO MATCH ONE The Three Ways to Qualify

TIER ONE BMI 35+

You qualify on BMI alone.
No other condition needed.

☐ My BMI is 35 or higher

TIER TWO BMI 30–35 +1

PLUS ONE OF:

- ☐ Uncontrolled high blood pressure
- ☐ Prediabetes
- ☐ Past heart attack or stroke
- ☐ Blocked arteries (with symptoms)
- ☐ Kidney disease, stage 3a+
- ☐ Diastolic heart failure

TIER THREE BMI 27–30 +1

PLUS ONE OF:

- ☐ Prediabetes
- ☐ Past heart attack or stroke
- ☐ Blocked arteries in arms or legs, with symptoms

Already on a GLP-1? You may still qualify. The program looks at whether you met these criteria when you started the medication — not your numbers today. Your prescriber can attest to that. We walk you through it.

3

JUST AS IMPORTANT — MAKE SURE YOU'RE NOT RULED OUT

Who Is NOT Eligible

- ✕ You are **already getting a GLP-1** through your **Part D plan** (you keep that coverage — you just don't use the Bridge)
- ✕ You have **Type 2 diabetes, moderate-to-severe sleep apnea, or fatty liver disease** — these may qualify you for regular Part D coverage instead
- ✕ You have **no Medicare drug coverage** at all (see Step 1 — this is the most common and most fixable reason)

Ruled out? Don't stop here. Several of these situations have a better path — and if the reason is missing drug coverage, Annual Enrollment (Oct 15–Dec 7) is your window to fix it. That's exactly the kind of thing we sort out in your review.

WHAT THE \$50 COPAY COVERS

Approved Medications

Wegovy®

Injection or tablet

\$50 / MONTH

Zepbound®

KwikPen® only

\$50 / MONTH

Foundayo™

Tablet

\$50 / MONTH
